

Save The Date.....

7th Annual Friends of Science Luncheon

Featuring John Christy, Professor of Atmospheric Science,
University of Alabama at Huntsville

Global Warming: Where's the Alarm?

John Christy was a contributing author to the IPCC's Working Group on surface and atmospheric climate change. Christy is responsible for helping to develop the satellite monitoring system that has tracked global temperatures since 1979. He received NASA's Medal for Exceptional Scientific Achievement for this work.
